

Developed in particular for law firms, this ingenious tool makes it possible to identify any conflict of interest in a few clicks thanks to a practical and effective multi-criteria search engine.

Key features

- Advanced multi-criteria search engine
- Contextual search of mandates, clients, addresses and folders
- Multi-level filters to refine the search
- Sort results by date or name
- Contact via e-mail the person responsible for the mandate and/or the client
- Display of blacklists
- Detailed display of conflicts or returned mandates
- Highlighting of risk-prone mandates
- Direct link from identified conflicts to mandates and clients

Flexible and powerful, our modules are available individually and can be used independently. However, it is also possible to combine them while maintaining full integration.

The deployment of our ERP is organised around your operational priorities and continues at your pace, ensuring a progressive investment according to your business needs.

In order to guarantee our customers an ever more efficient solution, we are constantly listening to their inputs ; as a result, Agora is always evolving and we are continually improving its modules.
