

Designed to make life easier for SMEs and Service Companies, this module optimises the entire sales process within your organisation, from the offer to the order, to the issuing of your invoices and contracts.

Key features

- Create custom templates by category directly in Word
- Set up the the list of your products and services
- Prepare offers easily based on products and services
- Create an offer for the same client based on a template of a previous offer
- Easily manage and follow-up your orders
- Create invoices generated automatically from the offers
- Post invoices in accounting in one click
- Establish contracts and invoice them directly
- Send documents by e-mail or by post
- Manage discounts and rebates
- Prepare documents in the currency of your choice
- Edit offers, invoices or contracts at any time in Word before sending

Flexible and powerful, our modules are available individually and can be used independently. However, it is also possible to combine them while maintaining full integration.

The deployment of our ERP is organised around your operational priorities and continues at your pace, ensuring a progressive investment according to your business needs.

In order to guarantee our customers an ever more efficient solution, we are constantly listening to their inputs ; as a result, Agora is always evolving and we are continually improving its modules.
